New Milford Public School District Mission Statement

The New Milford Public School District provides relevant, innovative and rigorous educational opportunities to students at all grade levels.

The District is resolute in its attention to the development of the whole child by providing a comprehensive range of experiences essential to building capacity for independent and responsible living.

Aligned with Frameworks for 21st Century Learning, the program is designed to prepare all students to meet or exceed state and national educational standards. Students will be prepared to think critically, master the challenges of life-long academic, cultural, social, economic, emotional and professional advancement, as well as participate constructively as citizens in an interdependent global society.

The District embraces family, faculty, and community as active partners in a unified effort to develop students into self-directed, self-confident adults on their journeys to becoming the next generations of entrepreneurs, builders, artists, designers, inventors, scientists, educators, caregivers, protectors, workers and leaders.

New Milford District and Board Goals for 2020-2021
